

10 JULY 2025

To WHOMSOEVER IT MAY CONCERN,

This is to certify that **Mr. Amey Padkanthwar**, a student of **MIT ADT UNIVERSITY**, has successfully completed his internship with **WEIRDBIRD Technologies** as an **Artificial Intelligence and web development Intern**.

The internship program was conducted for a duration of one month, from **10th June 2025 to 10th July 2025**. During this period, he worked extensively on **AI-driven Scheduling Systems** and successfully developed a **Web-based Timetable Generator Project**.

His responsibilities included:

- Designing and maintaining relational databases to support scheduling tasks
- Implementing efficient database queries and ensuring data integrity
- Developing an **AI-based Timetable Generator system** for optimized scheduling and conflict-free allocation
- Building and testing modules in **Google Colab using Python (NumPy, Pandas, Matplotlib, TensorFlow)**
- Debugging, performance optimization, and visualization of results
- Collaborating with the development team to integrate the backend with the web interface

Mr. Amey demonstrated excellent technical knowledge in **Python, Database Management, and Artificial Intelligence**, along with logical problem-solving skills and a proactive approach. He successfully delivered the project within the given time frame.

We appreciate his dedication and contribution during this internship and wish him success in all his future endeavors.
